TUANCHE LIMITED ENTERS INTO AGREEMENT TO ACQUIRE LONGYE

BEIJING, June 3, 2019 (GLOBE NEWSWIRE) – TuanChe Limited ("TuanChe" or the "Company") (NASDAQ: TC), a leading omni-channel automotive marketplace in China, today announced that on May 31, 2019, it entered into a share purchase agreement (the "Agreement") with, among other parties, Longye International Limited, a company incorporated in the Cayman Islands ("Longye"). Pursuant to the Agreement, the Company has agreed to acquire the entire equity interest in Longye for a U.S.-dollar equivalent of RMB200 million in the form of cash and the Company's securities in aggregate.

According to the Agreement and subject to customary closing conditions, the Company agreed to (1) extend a bridge loan of a U.S.-dollar equivalent of RMB100 million upon the execution of the Agreement and other related documents, (2) credit this bridge loan to the cash portion of the purchase price, and (3) issue 8,366,444 Class A ordinary shares of the Company ("Consideration Shares") to the selling shareholders of Longye. The Consideration Shares are calculated by dividing a US-dollar equivalent of RMB100 million by the average closing price of the Company's shares during the thirty-day period ended on May 10, 2019. The Consideration Shares will be subject to contractual restrictions on transfer: 20%, 30%, and 50% of Consideration Shares will have contractual restrictions lifted on January 1, 2020; January 1, 2021; and January 1, 2022, respectively.

The acquisition of Longye is subject to the relevant corporate approvals, customary closing conditions and pre-acquisition corporate restructuring. There is no assurance that any such procedures or transactions will be completed in a timely manner, or at all.

Longye has been a leading system developer that develops and implements social customer relationship management (social CRM) cloud systems for China's automotive industry since June 2013. Longye's principal software as a service (SaaS) product, Cheshangtong, provides China's auto dealers with social CRM services based on a system that facilitates the effective flow of information between auto dealers and customers. In particular, Cheshangtong empowers auto dealers to integrate their online and offline operations, manage their customer data, improve customer stickiness, implement social media marketing strategies, and improve operational efficiency. By acquiring Longye, the Company expects to further improve its core competencies in innovating product offerings, enhancing sales capabilities, optimizing marketing channels, and streamlining daily operations.
